

Tuscany[®] Series Sliding Patio Doors

Featuring Blinds Between Glass

Tuscany® Series Sliding Patio Doors Featuring Blinds Between Glass

Now Available With
SunCoat®
Low-E Glass

Features

- Blinds sealed in the glass unit allow them to stay clean and free of debris and eliminate the need for dusting and cleaning of blinds.
- Durable aluminum slats control light and privacy while protecting your home's finishes from harmful UV rays.
- Magnetic lift and tilt controls keep the glass unit sealed, allow for no external cords, and are safe for pets and small children.
- SmartTouch® door handle for ease of operation.
- SunCoat® Low-E2 glass comes standard. This microscopically thin coating is applied to one side of the glass to reflect heat from its source in the summer, keep heat inside in the winter and reduce harmful UV rays.
- 10 year specialty glass warranty. For complete warranty details visit milgard.com.

Configurations

- Available on Tuscany Series Standard and French Rail sliding patio doors
- 2'6" and 3'0" panel widths, 6'8" height
- 2-panel, 3-panel and 4-panel configurations

* 6068 & 9068 units with Blinds Between Glass will not meet ADA minimum 32" clear opening requirements.

Tuscany® and SmartTouch® are registered trademarks of Milgard Manufacturing Inc.

ENERGY STAR® is a registered trademark of the U.S. Environmental Protection Agency. Milgard Windows is proud to be an ENERGY STAR® partner, with all Tuscany Series products ENERGY STAR® qualified for all U.S. zones.

Milgard Tuscany vinyl doors meet criteria for structural integrity and reliable performance established by the American Architectural Manufacturers Association (AAMA). Consult your Milgard representative for specific test information.

Clearly the best.®
